Have been investigated by Underwriters Laboratories Inc.® in accordance with the Standard(s) indicated on this Certificate.

Standard(s) for Safety:

This category covers materials that have been evaluated in accordance with the CSA standard Evaluation of Properties of Polymeric Materials (CAN/CSA C22.2 No. 0.17.92).

Additional Information:

None.

Only those products bearing the UL Recognized Component Marks for the U.S and Canada should be considered as being covered by UL's Recognition and Follow-Up Service meeting the appropriate U.S and Canadian requirements.

The UL Recognized Component Mark generally consists of the manufacturer's identification and catalog number, model number or other product designation as specified "Marking" for the particular Recognition as published in the appropriate UL Directory. As a supplementary means of identifying products that have been produced under UL's Component Recognition Program, UL's Recognized and Component Mark:  may be used in conjunction with the required Recognized Marks. The Recognized Component Mark is required when specified in the UL Directory preceding the recognitions or under "Markings" for the individual recognitions. The UL Recognized Component Mark for Canada  the manufacturer's identification and catalog number, model number or other product designation as specified under "Marking" for the particular Recognition as published in the appropriate UL Directory.

Look for the UL Recognized Component Mark on the product
